Semester Project Report

Project Title

Luca Giobbi

Supervisor: Prof. Dr. S. Huber

October 7, 2022

Abstract

This short abstract summarizes the project goals, methods, and key findings. Replace with your own text.

Contents

1 Introduction **2**

2 Related Work **2**

3 Methods **2**

4 Experiments **2**

5 Results **2**

6 Discussion **2**

7 Conclusion **2**

A Additional Material **2**

List of Figures

1 Example figure illustrating the model or data. 3

1 Introduction

Introduce the problem, motivation, and outline the report structure.

2 Related Work

Briefly review relevant literature and prior approaches.

3 Methods

Describe datasets, preprocessing, model architecture, and experimental setup.

4 Experiments

Explain experiments and evaluation protocol.

5 Results

Present main results and include example figures.

6 Discussion

Interpret the results, limitations, and implications.

7 Conclusion

Summarize contributions and propose future work.

Acknowledgements

Thanks to supervisors, collaborators, and funding sources.

References

A Additional Material

Supplementary figures, tables, or details.
